Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 07 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A fine and dry but chilly night.

This Evening and Tonight:
Winds easing through the evening. Thereafter, a fine and dry night with prolonged clear intervals. Temperatures dropping off, allowing for a rural grass frost and localised air frost. Minimum temperature 0 deg C (32 deg F).

Monday:
A cold start on Monday under clear intervals but becoming increasingly cloudy through the day. Rain spreading across the region later in the afternoon as a breeze picks up. Maximum temperature 13 deg C (55 deg F).

Outlook for Tuesday to Thursday:
Turning milder into Tuesday with outbreaks of rain through the day. Clearing for a time on Wednesday but further patchy rain potentially spreading across the region later and into Thursday.
